

# Inside the 340B Program

## BY THE NUMBERS

**2,700+**

covered entities  
participate in the  
340B Program<sup>1</sup>

**\$46.5B**

in outpatient drug savings<sup>2</sup>

**253**

active drug shortages in  
2025, after an all-time high  
of 323 earlier in the year<sup>4</sup>

**\$43.9B+**

in annual  
340B revenue<sup>3</sup>

**150%**

increase in hospital  
shortage management  
costs from 2019 to 2024<sup>5</sup>

## COMMON COMPLIANCE RISKS

**Duplicate  
discounts**

**Drug  
diversion**

**GPO-prohibited  
purchases**

**Eligibility and  
recordkeeping  
violations**

## HOW TECSYS SUPPORTS 340B SUCCESS

**Issues compliance POs  
to prevent GPO violations**

**Tracks WAC, GPO and  
340B balances in real time**

**Credits eligible covered entities  
upon acquisition**

**Integrates with TPAs to centralize  
tracking and streamline audits**

**Supports three-way match and receipt  
confirmation to strengthen audit trails**

**Exchanges 850/855 EDI files with TPAs  
to automate purchasing workflows**
