Before Disaster Strikes, **Ensure Your Emergency Preparedness**

Transform a warehouse **from "zero" to "hero"** with the flick of a switch. Tecsys can help you build operational resilience from unpredictable threats with our proven, reliable and robust emergency warehouse supply chain solutions.

Leader

125M doses — **TRUST:** Tecsys named software supplier to distribute 125 million doses of H1N1 vaccine.

38+ years — **EXPERIENCE:** More than 38 years deploying complex supply chain solutions.

1,000+ — **REACH:** 1,000+ customers globally.

Gartner — **11 TIMES:** Tecsys named in Gartner's Magic Quadrant for Warehouse Management Systems and promoted to Challenger in 2022.

Tecsys is proud to have **eight customers**, two with Masters recognition, on Gartner's Healthcare Supply Chain Top 25 for 2021.

Readiness

Store in advance — Store in advance or at a moment's notice supplies, equipment, food, medicine, and information — anything people need in an emergency.

Tecsys technology — Tecsys software and technology enables warehouses and depots to work effectively in seconds to provide what's needed both timely and securely.

"instant on" — Be ready anytime with "instant on" and "instant use" capabilities.

100

During a typical week, more than **100 different disruptive events** occur, such as natural disasters, factory fires, changing government policies, threats to human health, and more.

Benefits

100% — readiness before disaster strikes.

34% ↑ — increase in overall efficiency.

100% — visibility – no expired products.

28% ↓ — reduction in labor costs.

Our Commitment

"Tecsys has seen supply chain disruption and product shortages across many different industries, where a lack of supply chain visibility became a major constraint. Organizations using Tecsys are able to deliver critical, pandemic-related supplies to the right locations and at the right time, in order to effectively address public safety."

— **Bill King**, chief revenue officer, Tecsys
